IV Attestation

I, the undersigned Official Veterinarian do hereby certify that:

- 1) the hides and skins described above were derived from animals born and raised in Finland or legally imported to Finland from another European Union Member State;
- 2) Finland is free from Foot-and-mouth disease, Rinderpest, Contagious bovine pleuropneumonia, Lumpy skin disease and Rift Valley fever according to the OIE Terrestrial Animal Health Code and the use of the hides and skins was not restricted due to any other OIE-listed disease;
- 3) the hides and skins were derived from animals that have shown no sign of anthrax during ante- and post-mortem inspections, and the hides and skins come from manufacturing plants that are not placed under movement restrictions for the control of anthrax;
- 4) Finland is recognized as a country with negligible BSE risk according to the BSE Chapter of the OIE Terrestrial Animal Health Code;
- 5) the animals were slaughtered at (a) slaughterhouse(s) that have been approved and that are under the supervision of the competent authority of Finland. The animals were subjected to ante- and post-mortem inspection according to the conditions laid down in the relevant European Union and Finnish legislation; and
- 6) the hides and skins were salted for a period of at least 14 days prior to dispatch at (a) manufacturing plant(s) that are under the supervision of the competent authority of Finland.
